PUBLIC WORKS DEPARTMENT.

Bombay Castle, 26th January 1937.

No. 9321/27-I.—In exercise of the powers conferred by section 3 (*1*) of the Indian Electricity Act, IX of 1910, the Governor in Council is pleased to sanction the following license under the aforesaid Act being granted to Mr. Sidramappa Andanappa Manvi for the supply of electrical energy in the areas and with the powers and upon the terms and conditions specified below:— INDIAN ELECTRICITY ACT, 1910.

BYADGI ELECTRIC LICENSE, 1937.

LICENSE GRANTED BY THE GOVERNMENT OF BOMBAY FOR THE SUPPLY OF ENERGY UNDER THE INDIAN ELECTRICITY ACT, 1910.

License.—License is hereby granted to Mr. Sidramappa Andanappa Manvi carrying on business as Electric Light and Power Suppliers under the name and style of Messrs. Manvi Brothers and having their registered office at Gadag to supply energy in the area with the powers and upon the terms and conditions specified below:—

1. *Short title.*—This license may be cited as "The Byadgi Electric License, 1937".

2. *Interpretation.*—In this license—

(1) "Act" shall mean the Indian Electricity Act, 1910;

(2) "rules" shall mean the rules made under the Act;

(3) "licensee" shall mean and include the said Sidramappa Andanappa Manvi and his permitted assigns;

(4) "deposited map" shall mean the plan of the area of supply as hereinafter specified, which is deposited with Government in pursuance of the rules, which plan is signed, for the purpose of identification, by the Secretary to the Government of Bombay, in the Public Works Department and by the licensee;

(5) "the commencement of this license" shall mean the date of the notification by the Government of Bombay in the *Bombay Government Gazette* by which this license is granted;

(6) "Government" shall mean the Government of Bombay;

(7) words and expressions not defined in this license but defined in the Act or the rules shall have the meaning assigned to them in the Act or the rules as the case may be.

3. *Security.*—(1) The period within which the licensee shall show under sub-clause (*a*) of clause 1 of the Schedule to the Act that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him by the license throughout the area of supply shall, unless otherwise ordered by Government under clause (*b*) of sub-section (*3*) of section 4 of the Act, be six months from the commencement of this license.

(2) Unless otherwise ordered by Government under clause (*b*) of sub-section (*3*) of section 4 of the Act, the sum which the licensee shall deposit or secure to the satisfaction of Government under sub-clause (*b*) of clause I of the Schedule to the Act, shall be rupees two thousand and the period within which such sum shall be so deposited or secured shall be three months from the commencement of this license.

4. *Area of supply.*—The area within which the supply of energy is authorised by this license, hereinbefore and hereinafter referred to as "the area of supply", shall be the whole of the area comprised within the municipal district of Byadgi which is shown as bounded by a green-coloured line on the deposited map.

5. *Area of compulsory supply.*—(1) The licensee shall, within a period of eighteen months from the commencement of this license, execute works to the satisfaction of Government for the purpose of a full and continuous supply of energy throughout the streets and parts of streets as are mentioned below and shown in red colour on the deposited map:—

1. Main Bazar Road from Municipal Office to Hanuman Tank.
2. Menshinkai Gally from Municipal Office to Arlavoni Gally.
3. Shettar Oni connecting Main Bazar Road and Menshinkai Gally.

(2) In the case of any difference between the description of the streets mentioned in sub-clause (1) of this clause and that indicated on the deposited map, the latter shall prevail.

(3) The licensee shall commence to execute the works aforesaid within six months from the commencement of this license and shall complete the execution of the works aforesaid and shall commence the supply of energy within eighteen months therefrom.

(4) The licensee shall every three months submit reports to Government and also to the Electrical Engineer to Government specifying the progress made up to date from the commencement of the license in the execution of the works in the compulsory area.

(5) *Revocation of license.*—If the licensee fails to comply with the provisions of sub-clauses (1), (3) or (4) of this clause, or if, in the opinion of Government, the progress made during any portion of the said period of eighteen months is unsatisfactory, the license shall be liable to be revoked, and the security furnished as per sub-clause (2) of clause 3 shall be forfeited.

6. *Purposes of supply.*—(1) Subject to the provisions of this license, the Act and the rules, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes, and in bulk and to other licensees for their own purposes:

Provided that the licensee shall not, except when specifically required in writing by Government, be liable to supply energy during the day time, i.e., between sunrise and sunset:

Provided further that no supply of energy shall be commenced to be given by the licensee to any owner or occupier of private premises or in bulk to a distributing licensee unless and until the licensee's works have been inspected by the Government Electric Inspector, and passed by him in writing, and until Government have approved—

(a) the form of requisition to be made by such owner or occupier or distributing licensee for such supply of energy;

(b) the form of written contract or agreement with the licensee to take a supply of energy to be executed or entered into by such owner or occupier or distributing licensee; and

(c) the amounts of all miscellaneous charges which the licensee proposes to make against such owner or occupier or distributing licensee, as incidental to or in connection with such supply.

(2) Clauses V, VI, VII, IX, X and XI of the Schedule to the Act shall, wherever necessary, be read as expressly added to or varied to the extent set out in the proviso to sub-clause (1) of this clause.

(3) The licensee shall not supply energy to any premises unless the owner or occupier of such premises has satisfied the licensee that all work, including repairs relating to electric wires, fittings and apparatus on such premises, has been carried out by a licensed electrical contractor and under the supervision of a Competency Certificate holder under the rules or orders issued by Government in this behalf, or by such other person as may be authorised to carry out such works under rule 40-A of the rules and clause VI of the Schedule to the Act shall be deemed to be modified accordingly.

7. *System of supply.*—(1) The system of supply of energy which may be adopted for the purpose of this license shall be the following:—

I.—Direct Current.

For general purposes, viz., lights, fans, heaters and refrigerators—

(a) a continuous current low pressure supply at the consumer's terminals at a pressure of 220/230 volts between one of the outers and the middle conductor of a three-wire system, the middle conductor being connected to earth at the generating station, but insulated at all other parts; or

(b) a continuous current low pressure supply at 220/230 volts between the conductors of a two-wire system; or

For power purposes—

(a) a continuous current medium pressure supply at a pressure of 440/460 volts between the outers of a three-wire system; or

(b) a continuous current low pressure supply at 220/230 volts between the conductors of a two-wire system.

II.—Alternating Current.

Single or three-phase, three or four wire, periodicity fifty cycles per second. The pressure of supply at the consumer's terminals shall be as under:—

(a) 230 volts between each phase and neutral for general purposes, viz., lights, fans, heaters and refrigerators;

(b) 400 volts between phases for motive power purposes and purposes other than those specified in (a) above; and

(c) any pressure up to 6,600 volts for feeders and for supply to any large consumer for power purposes:

Provided always (i) that the licensee may from time to time with the previous consent in writing of and subject to such limitations and conditions as may be prescribed in writing by Government adopt any other system of supply for the purpose of this license and (ii) that no high tension mains shall be brought within or near the populated areas without the specific sanction of Government in each case.

(2) The feeders, distributing mains and service lines may be laid overhead, or underground, provided that wherever and whenever specifically required to do so in writing by Government, such feeders, distributing mains or service lines shall be laid underground:

Provided that—

(a) no work or works shall be commenced by the licensee unless and until the method of construction has been previously approved in writing by the Electrical Engineer to Government;

(b) where overhead mains are used, they shall be nowhere at a height of less than twenty-five feet from the ground level of the streets at all crossings and in all the routes where *raths* or *taboots* or other similar religious processions are likely to pass. In cases of disputes such routes and heights shall be determined by the District Magistrate;

(c) in narrow lanes or streets, the poles for overhead mains shall be placed on the extreme edge of the lane or street and a special construction to be approved by the Electrical Engineer to Government shall be adopted to keep the wires clear of every building;

(d) no poles shall be erected in streets and thoroughfares which are less than ten feet in width for vehicular traffic; and

(e) nothing in this license shall authorise the licensee to use overhead mains at any higher pressure than the medium pressure without the written sanction of Government in each case and subject to any conditions or limitations which Government may prescribe in that behalf.

(3) Due precautions shall be taken to avoid any possible interference with the adjacent telephone or telegraph circuits due to inductive effects. The electric wires shall be suitably transposed where necessary.

(4) For the purpose of rule 61 of the rules, the maximum wind pressure shall be taken as twelve pounds per square foot.

8. *Generating, receiving, transforming and distributing stations.*—(1) The generating, receiving, transforming and distributing stations shall be within the area of supply.

(2) Qualified men holding at least competency certificates shall be employed in the generating station and on the distribution system and the whole undertaking shall be under the charge of a qualified engineer with previous experience of at least five years.

9. *Rates: Limits of prices to be charged.*—The rates to be charged by the licensee for energy supplied by him shall not exceed the maxima set out below, or in the case of a method of charge approved by Government under clause (c) of sub-section (3) of section 23 of the Act, such maxima as Government may fix on approving the method:—

(A) Where energy is supplied by meter—

(1) For general supply purposes, viz.:—

(a) for lights and fans not provided for in item (b) below—a rate of annas six per unit;

(b) for lights and fans in religious and educational institutions and hospitals—a rate of annas five per unit;

(c) for heating and refrigerating purposes—a rate of annas three per unit; and

(2) For motive power purposes and purposes other than those mentioned in items (1) (a), (b) and (c) above:—

Up to and including 8 K.W.—a standing charge of rupees three per K.W. per mensem plus annas two per unit.

Over 3 K.W.—a standing charge of rupees three per K.W. per mensem for the first three K.W. and of rupees two per mensem for every additional K.W. plus anna one and pies six per unit.

Note.—The term " unit " occurring in this sub-clause shall mean the energy contained in a current of 1,000 amperes flowing under an electro-motive force of one volt during one hour.

(3) A minimum charge of rupees two and annas eight per mensem in the cases referred to in items (*a*), (*b*) and (*c*) of sub-clause (A) (1) of this clause shall be charged exclusive of meter rent and irrespective of whether energy of that value has been consumed or not.

(4) *Meter rent.*—The rent to be charged for meters shall not exceed—Annas eight per month for a D.C. meter or a single phase A.C. meter; and one rupee per month for a polyphase A.C. meter or a D.C. meter of 440/400 volts.

(B) Where energy is not supplied by meter, a fixed rate of rupee one and annas eight per mensem shall be charged for a twenty-watt light and rupee one for every additional twenty watts or part thereof burning for not more than six hours from 6 p.m. to 12 midnight (Indian Standard Time).

(C) In the case of large consumers, contracts may be made for fixed periods at such rates not exceeding the rates specified in sub-clause (A) of this clause as may be agreed upon.

(D) Without prejudice to anything contained in the above sub-clauses, the licensee may at any time enter into a special contract with the Municipality of Byadgi for supply of energy to the said Municipality for public lighting upon such terms and conditions and at such rates not exceeding the maxima charges specified above, as may for the time being be mutually agreed upon.

10. *Breaking up of streets.*—The length of trenches to be opened on any street at any one time, and the period for which they may remain open, shall be determined from time to time by Government or the local authority by which such streets are repairable.

11. *Purchase of the undertaking.*—(1) The option of purchase given by sub-section (*1*) of section 7 of the Act shall be exercisable first on the expiration of forty years from the commencement of this license and thereafter on the expiration of every subsequent period of ten years therefrom. The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (*1*) of section 7 of the Act which shall be added to such value under the second proviso to that sub-section on account of compulsory purchase shall be ten per centum.

(2) In accordance with clause (*d*) (*ii*) of sub-section (*2*) of section 3 of the Act, it is hereby declared that the generating station belonging to the licensee and used in connection with the undertaking or where energy is purchased from any other person or company, the receiving and distributing sub-stations used in connection with the undertaking, shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

12. *Assignment of the license.*—At any time after the commencement of this license the licensee may, with the previous consent in writing of Government, and subject to the compliance with such conditions upon which such consent may be given, assign this license and transfer the whole of the undertaking in respect of which this license is granted (including all lands, buildings, works, materials and plant of the licensee) to any individual or company formed or to be formed and registered in the Bombay Presidency in accordance with the law for the time being in force in British India, or, in Great Britain under any enactment relating to companies for the time being in force there and having authority to take over the license and the said undertaking as the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensee under this license and the Act and the rules, and on such assignment and transfer, the rights, powers, authorities, obligations and liabilities of the licensee shall be exercisable by and shall attach to such individual or company formed or to be formed as aforesaid.

Dated this twenty-sixth day of January One thousand nine hundred and thirty-seven.

By order of His Excellency the Right Honourable the Governor of
Bombay in Council,

T. A. Andrew,
Secretary to the Government of Bombay,
Public Works Department.

By order of the Governor in Council,
T. A. ANDREW,
Secretary to Government.

PUBLIC WORKS DEPARTMENT.

Bombay Castle, 26th January 1937.

INDIAN ELECTRICITY ACT, 1910.

No. 9321/27-II.—In exercise of the powers conferred by section 3 (*1*) of the Indian Electricity Act, IX of 1910, the Governor in Council is pleased to sanction the following license under the aforesaid Act being granted to Mr. Sidramappa Andanappa Manvi for the supply of electrical energy in the areas and with the powers and upon the terms and conditions specified below:—

RANEBENNUR ELECTRIC LICENSE, 1937.

LICENSE GRANTED BY THE GOVERNMENT OF BOMBAY FOR THE SUPPLY OF ENERGY UNDER THE INDIAN ELECTRICITY ACT, 1910.

License.—License is hereby granted to Mr. Sidramappa Andanappa Manvi carrying on business as Electric Light and Power Suppliers under the name and style of Messrs. Manvi Brothers and having their registered office at Gadag to supply energy in the area with the powers and upon the terms and conditions specified below:—

1. *Short title.*—This license may be cited as "The Ranebennur Electric License, 1937".

2. *Interpretation.*—In this license—

(1) "Act" shall mean the Indian Electricity Act, 1910;

(2) "rules" shall mean the rules made under the Act;

(3) "licensee" shall mean and include the said Sidramappa Andanappa Manvi and his permitted assigns;

(4) "deposited map" shall mean the plan of the area of supply as hereinafter specified, which is deposited with Government in pursuance of the rules, which plan is signed, for the purpose of identification, by the Secretary to the Government of Bombay, in the Public Works Department and by the licensee;

(5) "the commencement of this license" shall mean the date of the notification by the Government of Bombay in the *Bombay Government Gazette* by which this license is granted;

(6) "Government" shall mean the Government of Bombay;

(7) words and expressions not defined in this license but defined in the Act or the rules shall have the meaning assigned to them in the Act or the rules as the case may be.

3. *Security.*—(1) The period within which the licensee shall show under sub-clause (*a*) of clause 1 of the Schedule to the Act that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him by the license throughout the area of supply shall, unless otherwise ordered by Government under clause (*b*) of sub-section (*3*) of section 4 of the Act, be six months from the commencement of this license.

(2) Unless otherwise ordered by Government under clause (*b*) of sub-section (*3*) of section 4 of the Act, the sum which the licensee shall deposit or secure to the satisfaction of Government under sub-clause (*b*) of clause I of the Schedule to the Act, shall be rupees two thousand and the period within which such sum shall be so deposited or secured shall be three months from the commencement of this license.

4. *Area of supply.*—The area within which the supply of energy is authorised by this license, hereinbefore and hereinafter referred to as "the area of supply", shall be the whole of the area comprised within the municipal district of Ranebennur which is shown as bounded by a green-coloured line on the deposited map:

Provided that nothing in this license shall be construed to prevent the Madras and Southern Mahratta Railway from generating energy or purchasing it from any other railway or Government Department for its own industrial, domestic or other uses.

5. *Area of compulsory supply.*—(1) The licensee shall, within a period of eighteen months from the commencement of this license, execute works to the satisfaction of Government for the purpose of a full and continuous supply of energy throughout the streets and parts of streets as are mentioned below and shown in red colour on the deposited map:—

(1) Maconochie Road from Railway Compound to Norasimh Devar Temple via Post Office and New Municipal Office.

(2) Marwadi Galli and Ancalkoti Road from Gawli Road to Maconochie Road via Bazar Road.

(3) Bazar Road from Durgawa Temple to Badnikai Galli.

(2) In the case of any difference between the description of the streets mentioned in sub-clause (1) of this clause and that indicated on the deposited map, the latter shall prevail.

(3) The licensee shall commence to execute the works aforesaid within six months from the commencement of this license and shall complete the execution of the works aforesaid and shall commence the supply of energy within eighteen months therefrom.

(4) The licensee shall every three months submit reports to Government and also to the Electrical Engineer to Government specifying the progress made up to date from the commencement of the license in the execution of the works in the compulsory area.

(5) *Revocation of license.*—If the licensee fails to comply with the provisions of sub-clause (1), (3) or (4) of this clause, or if, in the opinion of Government, the progress made during any portion of the said period of eighteen months is unsatisfactory, the license shall be liable to be revoked, and the security furnished as per sub-clause (2) of clause 3 shall be forfeited.

6. *Purposes of supply.*—(1) Subject to the provisions of this license, the Act and the rules, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes, and in bulk and to other licensees for their own purposes:

Provided that the licensee shall not, except when specifically required in writing by Government, be liable to supply energy during the day time, i.e. between sunrise and sunset:

Provided further that no supply of energy shall be commenced to be given by the licensee to any owner or occupier of private premises or in bulk to a distributing licensee unless and until the licensee's works have been inspected by the Government Electric Inspector, and passed by him in writing, and until Government have approved—

(*a*) the form of requisition to be made by such owner or occupier or distributing licensee for such supply of energy;

(*b*) the form of written contract or agreement with the licensee to take a supply of energy to be executed or entered into by such owner or occupier or distributing licensee; and

(*c*) the amounts of all miscellaneous charges which the licensee proposes to make against such owner or occupier or distributing licensee as incidental to or in connection with such supply.

(2) Clauses V, VI, VII, IX, X and XI of the Schedule to the Act shall, wherever necessary, be read as expressly added to or varied to the extent set out in the proviso to sub-clause (1) of this clause.

(3) The licensee shall not supply energy to any premises unless the owner or occupier of such premises has satisfied the licensee that all work, including repairs relating to electric wires, fittings and apparatus on such premises, has been carried out by a licensed electrical contractor and under the supervision of a Competency Certificate holder under the rules or orders issued by Government in this behalf, or by such other person as may be authorised to carry out such works under rule 40-A of the rules and clause VI of the Schedule to the Act shall be deemed to be modified accordingly.

7. *System of supply.*—(1) The system of supply of energy which may be adopted for the purpose of this license shall be the following:—

I.—*Direct Current.*

For general purposes, viz. lights, fans, heaters and refrigerators—

(*a*) a continuous current low pressure supply at the consumer's terminals at a pressure of 220/230 volts between one of the outers and the middle conductor of a three-wire system, the middle conductor being connected to earth at the generating station, but insulated at all other parts; or

(*b*) a continuous current low pressure supply at 220/230 volts between the conductors of a two-wire system; or

For power purposes—

(*a*) a continuous current medium pressure supply at a pressure of 440/460 volts between the outers of a three-wire system; or

(*b*) a continuous current low pressure supply at 220/230 volts between the conductors of a two-wire system.

II.—*Alternating Current.*

Single or three-phase, three or four-wire, periodicity fifty cycles per second. The pressure of supply at the consumer's terminals shall be as under:—

(*a*) 230 volts between each phase and neutral for general purposes, viz. lights, fans, heaters and refrigerators;

(*b*) 400 volts between phases for motive power purposes and purposes other than those specified in (*a*) above; and

(*c*) any pressure up to 6,600 volts for feeders and for supply to any large consumer for power purposes:

Provided always (i) that the licensee may from time to time with the previous consent in writing of and subject to such limitations and conditions as may be prescribed in writing by Government adopt any other system of supply for the purpose of this license and (ii) that no high tension mains shall be brought within or near the populated areas without the specific sanction of Government in each case.

(2) The feeders, distributing mains and service lines may be laid overhead, or underground, provided that wherever and whenever specifically required to do so in writing by Government, such feeders, distributing mains or service lines shall be laid underground:

Provided that—

(a) no work or works shall be commenced by the licensee unless and until the method of construction has been previously approved in writing by the Electrical Engineer to Government;

(b) where overhead mains are used, they shall be nowhere at a height of less than twenty-five feet from the ground level of the streets at all crossings and in all the routes where *raths* or *taboots* or other similar religious processions are likely to pass. In cases of disputes such routes and heights shall be determined by the District Magistrate;

(c) in narrow lanes or streets, the poles for overhead mains shall be placed on the extreme edge of the lane or street and a special construction to be approved by the Electrical Engineer to Government shall be adopted to keep the wires clear of every building;

(d) no poles shall be erected in streets and thoroughfares which are less than ten feet in width for vehicular traffic; and

(e) nothing in this license shall authorise the licensee to use overhead mains at any higher pressure than the medium pressure without the written sanction of Government in each case and subject to any conditions or limitations which Government may prescribe in that behalf.

(3) Due precautions shall be taken to avoid any possible interference with the adjacent telephone or telegraph circuits due to inductive effects. The electric wires shall be suitably transposed where necessary.

(4) For the purpose of rule 61 of the rules, the maximum wind pressure shall be taken as twelve pounds per square foot.

8. *Generating, receiving, transforming and distributing stations.*—(1) The generating, receiving, transforming and distributing stations shall be within the area of supply.

(2) Qualified men holding at least competency certificates shall be employed in the generating station and on the distribution system and the whole undertaking shall be under the charge of a qualified engineer with previous experience of at least five years.

9. *Rates: Limits of prices to be charged.*—The rates to be charged by the licensee for energy supplied by him shall not exceed the maxima set out below, or in the case of a method of charge approved by Government under clause (c) of sub-section (3) of section 23 of the Act such maxima as Government may fix on approving the method:—

(A) Where energy is supplied by meter—

(1) For general supply purposes, *viz.*:—

(a) for lights and fans not provided for in item (b) below—a rate of annas six per unit;

(b) for lights and fans in religious and educational institutions and hospitals—a rate of annas five per unit;

(c) for heating and refrigerating purposes—a rate of annas three per unit; and

(2) For motive power purposes and purposes other than those mentioned in items (1) (a), (b) and (c) above:—

Up to and including 3 K.W.—a standing charge of rupees three per K.W. per mensem *plus* annas two per unit.

Over 3 K.W.—a standing charge of rupees three per K.W. per mensem for the first three K.W. and of rupees two per mensem for every additional K.W. *plus* anna one and pies six per unit.

Note.—The term "unit" occurring in this sub-clause shall mean the energy contained in a current of 1,000 amperes flowing under an electro-motive force of one volt during one hour.

(3) A minimum charge of rupees two and annas eight per mensem in the cases referred to in items (a), (b) and (c) of sub-clause (A) (1) of this clause shall be charged exclusive of meter rent and irrespective of whether energy of that value has been consumed or not.

(4) *Meter rent.*—The rent to be charged for meters shall not exceed—Annas eight per month for a D.C. meter or a single phase A.C. meter; and one rupee per month for a polyphase A.C. meter or a D.C. meter of 440/460 volts.

(B) Where energy is not supplied by meter, a fixed rate of rupee one and annas eight per mensem shall be charged for a twenty-watt light and rupee one for every additional twenty-watts or part thereof burning for not more than six hours from 6 p.m. to 12 midnight (Indian Standard Time).

(C) In the case of large consumers, contracts may be made for fixed periods at such rates not exceeding the rates specified in sub-clause (A) of this clause as may be agreed upon.

(D) Without prejudice to anything contained in the above sub-clauses, the licensee may at any time enter into a special contract with the Municipality of Ranebennur for supply of energy to the said Municipality for public lighting upon such terms and conditions and at such rates not exceeding the maxima charges specified above, as may for the time being be mutually agreed upon.

10. *Breaking up of streets.*—The length of trenches to be opened on any street at any one time, and the period for which they may remain open, shall be determined from time to time by Government or the local authority by which such streets are repairable.

11. *Breaking up of railways.*—In pursuance of the provisions of sub-section (*5*) of section 12 of the Act, the licensee is hereby specially authorised within the area of supply to break up the soil and pavement of the portions of the Madras and Southern Mahratta Railway so far only as concerns level-crossings and portions of the said railway running along the highway. Any difference or dispute arising between the licensee and the said railway by reason of the exercise by the licensee of the powers conferred on him by this clause shall, subject to the provisions of sections 13 and 16 of the Act, be determined by Government whose decision shall be final.

12. *Purchase of the undertaking.*—(1) The option of purchase given by sub-section (*1*) of section 7 of the Act shall be exercisable first on the expiration of forty years from the commencement of this license and thereafter on the expiration of every subsequent period of ten years therefrom. The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (*1*) of section 7 of the Act which shall be added to such value under the second proviso to that sub-section on account of compulsory purchase, shall be ten per centum.

(2) In accordance with clause (*d*) (*ii*) of sub-section (*2*) of section 3 of the Act, it is hereby declared that the generating station belonging to the licensee and used in connection with the undertaking or where energy is purchased from any other person or company, the receiving and distributing sub-stations used in connection with the undertaking, shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

13. *Assignment of the license.*—At any time after the commencement of this license the licensee may, with the previous consent in writing of Government, and subject to the compliance with such conditions upon which such consent may be given, assign this license and transfer the whole of the undertaking in respect of which this license is granted (including all lands, buildings, works, materials and plant of the licensee) to any individual or company formed or to be formed and registered in the Bombay Presidency in accordance with the law for the time being in force in British India, or, in Great Britain under any enactment relating to companies for the time being in force there, and having authority to take over the license and the said undertaking, as the case may be, and to exercise the powers and perform the obligations given to or imposed upon the licensee under this license, the Act and the rules, and on such assignment and transfer, the rights, powers, authorities, obligations and liabilities of the licensee shall be exercisable by and shall attach to such individual or company formed or to be formed as aforesaid.

Dated this Twenty-sixth day of January One thousand nine hundred and thirty-seven.

By order of His Excellency the Right Honourable
the Governor of Bombay in Council,

T. A. ANDREW,
Secretary to the Government of Bombay,
Public Works Department.

By order of the Governor in Council,

T. A. ANDREW,
Secretary to Government.

N. B. :- Bills to be paid in Gadag only and it is understood that orders and payments asked or accepted by any of our Canvassers are on behalf of our Gadag and if any claims arise. The same to be settled in Gadag Court only.

The Dy. Secretary to the Government of Bombay,
Public Works Department, Bombay.

Sir,

p 50

With reference to your letter No.1278/36-M of the 26th ultimo, I have the honour to advise having invested the discharge value of 5½% Loan 1938-40 for Rs.2,000/- in the purchase of 3½% Loan 1900-01 for a like amount. The cost of the purchase is Rs.1,985-13-3 as shown in the enclosed statement. p 59 The balance of Rs.14-2-9 is herewith remitted by Draft ⊗ No.C000466 of 5-10-38.

2. The particulars of the Government Promissory Notes are as follows:-

No.	Face Value.
B162254	Rs.1,000
B201586	" 1,000
	Rs.2,000

3. Instructions regarding the disposal of the remaining Rs.2,000/- are awaited.

I have the honour to be,
Sir,
Your most obedient servant,

p. Manager.

Submitted with ref. to the office p43 note, dated the 22-9-1938 and G.L. No. p50 1278/36-M, dated the 26-9-1938 to Mr.Manvi.

2. In accordance with clause p5 5 (2) of the Ranebennur El.License, the licensee is required to deposit Rs 2,000 as security. Usually a licensee is asked to deposit an additional sum equal to 5 p.c of the amount to be deposited as security in connection with the license, to meet market fluctuations in the values of the securities. In the present case, the security purchased is of the market value of Rs 1,967-8-0 p59 even though its nominal value is Rs 2,000. In view of the smallness of amount (i.e. Rs 2,100 - Rs 1,967-8-0 = Rs 132-8-0). Govt. may accept the security of the nominal value of Rs 2,000 in connection with the License in question.

3. The El.Engr. to Govt. reports p47 that the works at Byadgi have not as yet been completed. He does not therefore recommend the return of the security to the licensee until the works have been completed and the supply of energy commenced.

4. A draft to Mr.S.A.Manvi pp64-65 is put up for approval.

Subject:-Byadgi and Ranebennur El. Licenses,1937: Security deposit.

Dear Sir,

With ref. to your letter p41 dated the 20-9-1938, I am directed to state that two G.P.Notes of the face value of Rs 1,000 each Nos. B 162254 and B.201586 of 3½ p.c. loan of 1900-01 have been purchased at a total cost of Rs 1,985-13-3 as per statement p59 forwarded herewith and held as security in con.with the Ranebennur El.License out of the discharge value of 5½ p.c. loan of 1938-40 for Rs 2,000. The balance of Rs 14-2-9 is returned herewith by draft No.C.000466 ~~of~~ dated 5-10-1938.

2. With regard to the sum of Rs 2,000 held as security in con.with the Byadgi El.License, I am to state that it is reported p47 that the works at Byadgi have not as yet been completed. Until the works have been completed and the supply of energy commenced security held in connection with the license cannot be returned. I am accordingly to request you to intimate to Govt. immediately in what particular loan you would like to invest the discharge value of security held in connection

Returned, with compliments.

2. The supply was urgently required for the Divali holidays at Byadgi and permission was given to commence, with effect from 22nd October 1938, although certain minor recommendations had to be complied with. It is suggested that the security held by Government be not refunded to the licensee until all the recommendations have been carried out and the supply established to the satisfaction of the Electric Inspector. It is suggested that paragraph 2 of the draft letter, page 64, may please be modified accordingly.
